

CLIENT

PROJECT

Capacity Building Interventions (Training and Coaching) in Lean Six Sigma as the selected Management Approach to 200 Municipal Officials in Six Targeted Gauteng-Based Municipalities. The project was executed over a 18 month period.

PROJECT SCOPE

CoGTA Gauteng appointed Alsson as part of a Joint Venture as the service provider to institutionalize the objectives of Deliverology and Action Learning. This was done to achieve service delivery performance targets in municipalities and to build capacity in the following four areas:

The project entailed the development of 200 officials from the following Municipalities:

- Emfuleni Local Municipality;
- Mogale City Local Municipality;
- Merafong City Local Municipality;
- Rand West City Local Municipality;
- Midvaal Local Municipality; and
- Lesedi Local Municipality.

The officials attended four days of Yellow Belt classroom training followed by practical implementation which involved 36 improvement projects - the latter cumulatively for all Municipalities.

RESULTS

The potential financial benefit if all 36 improvement projects are implemented by the six Municipalities could be:

Budget Allocations / Grant Funding Not Forfeited	R310,9 million
Revenue Enhancement	R137,5 million
